Reach Out to Asia

February 2017

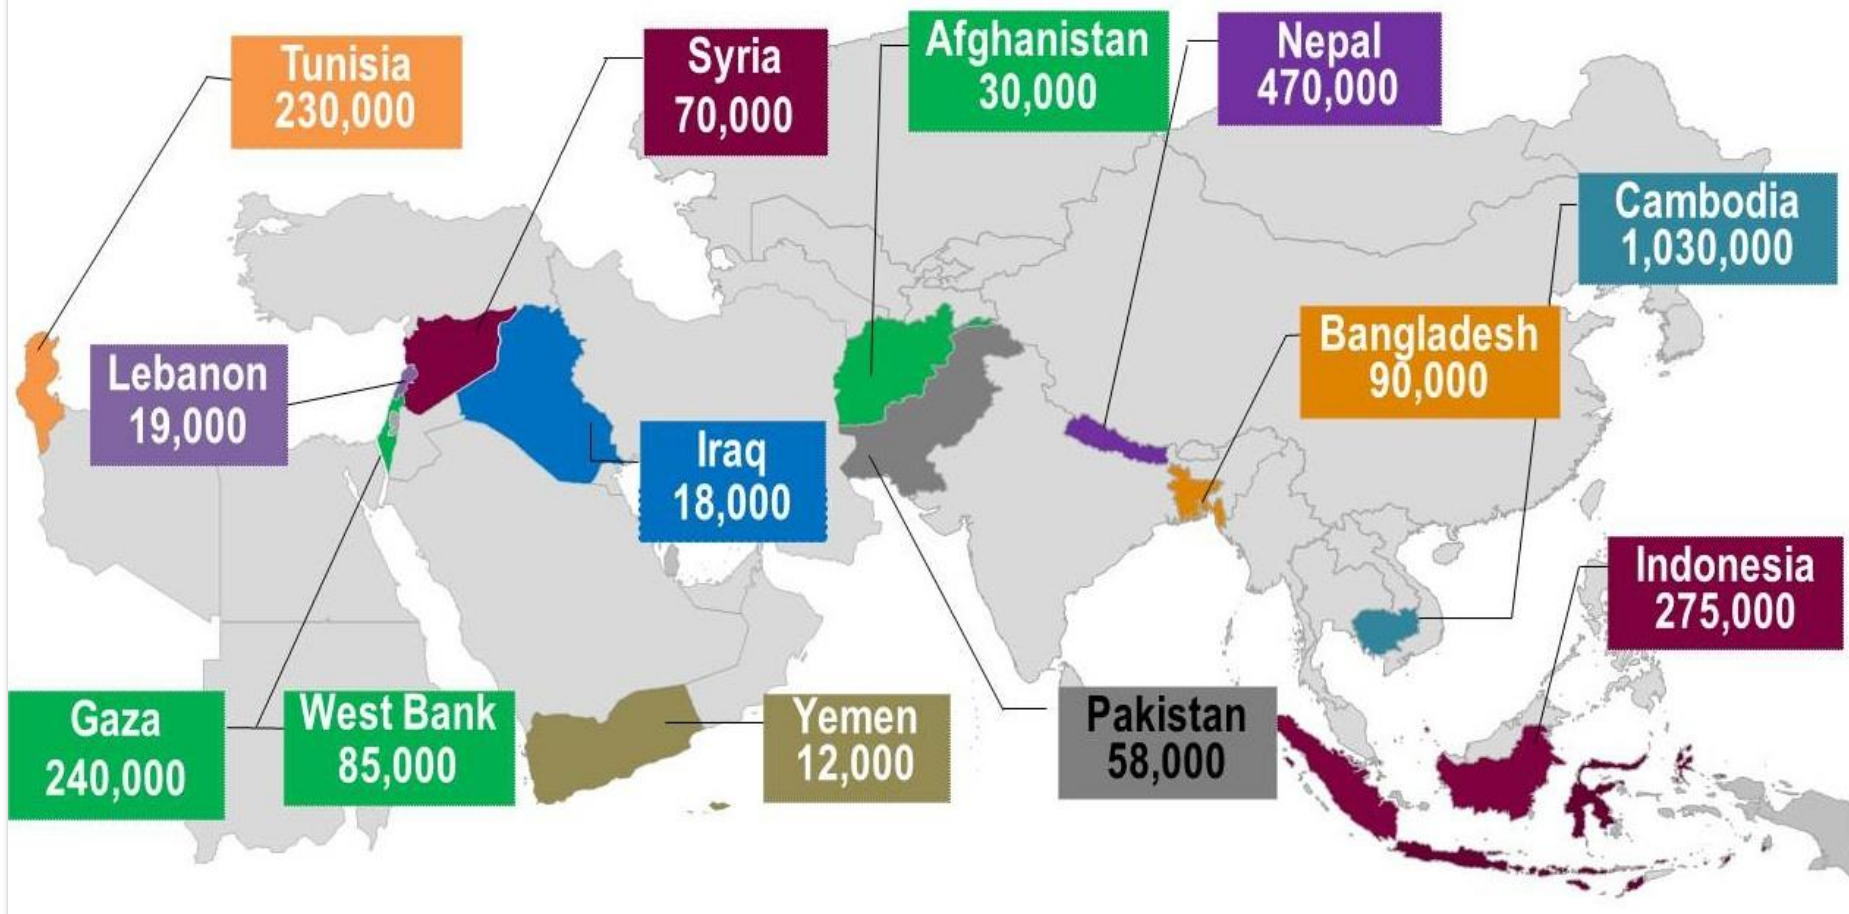

VISION

We envision a world in which all young people have access to the education and training they need in order to realize their full potential and shape the development of their communities.

MISSION

Together with partners, volunteers, and local communities we work to ensure that people affected by crisis across Asia and around the world have continuous access to relevant and high-quality primary and secondary education.

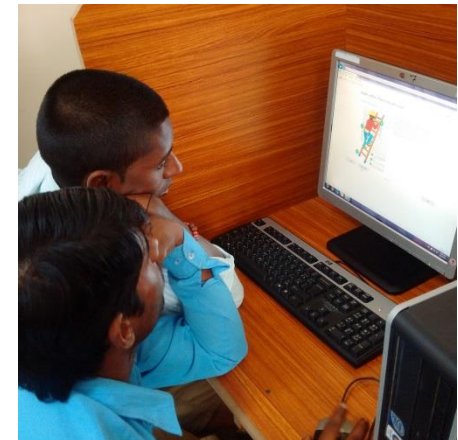

International Programs – Working in 13 Countries Direct and indirect beneficiaries

ICT for Education

The iEARN-Qatar program equips schools to implement projects designed to improve “the quality of life on our planet.” The program is implemented in partnership with Qatar University’s College of Education since 2014, under the National Center For Educators Development.

The Better Connections program, that is implemented in partnership with the ministry of Transport and Communication aims to improve the living conditions of migrant workers in Qatar by Improving access to digital resources within labor accommodation.

Mobile learning pilot- Pakistan

In collaboration with the Commonwealth of Learning (COL), ROTA has implemented this pilot project to conduct research on the effectiveness of mobile learning to improve the quality of education in Pakistan. **5 educators** from Pakistan were trained in Qatar, and they are currently implementing the pilot in **3 classrooms** in SWAT-Pakistan, and a field research is being conducted in parallel.
