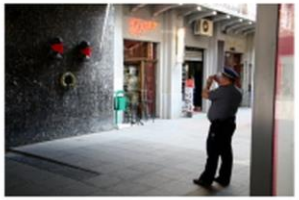
Siniša Labrović, *Bandaging the Wounded,* insert from video documentation action, 2000



Reserve and monuments

By placing reserve on monuments, I aimed at reviving them and giving them an aura of active fighters in our everyday life. Placing the reserve on monuments and often done at the same time an little guerre sessions. Both actions were carried out with the aim of awakening and questioning the impact of our cultural and political heritage. I placed the reserve on monuments to heroes of the anti-fascist movement.

Igor Grubić, 366 Liberation Rituals, 2008, series of c-print framed

Nika Autor, The News Is Ours!, Spatial video and photo installation, 2014
