* Rank biased overlap

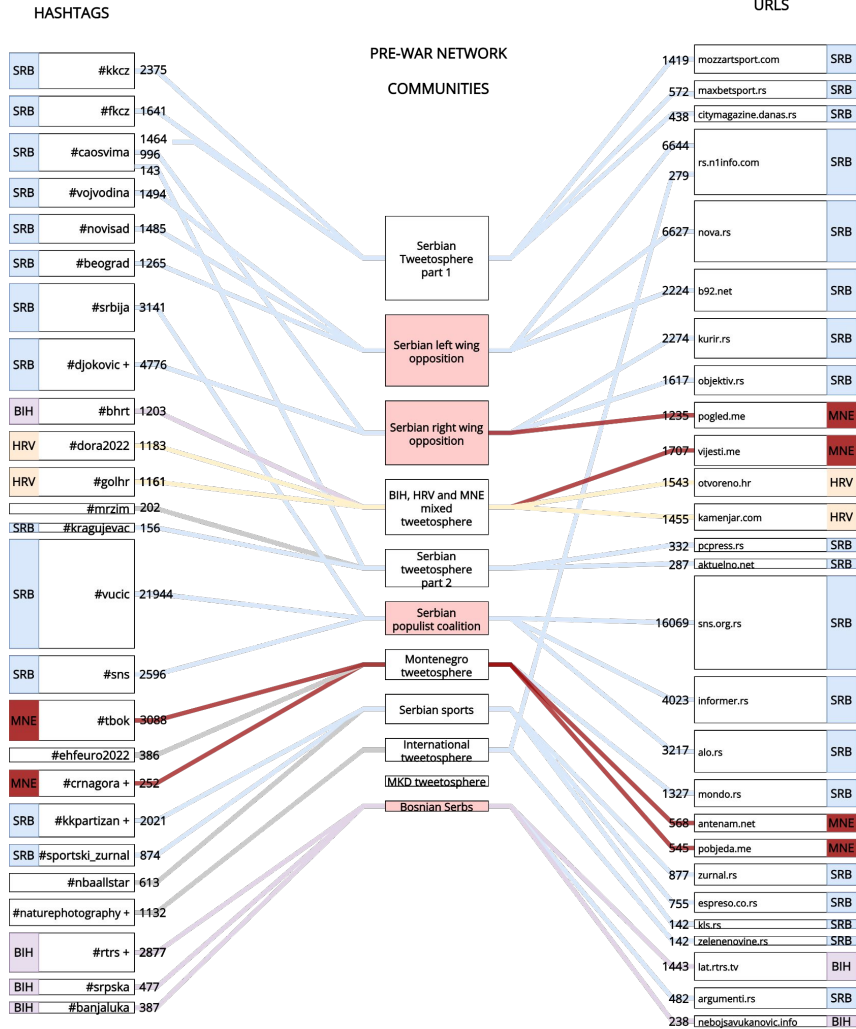

OBSERVATIONS

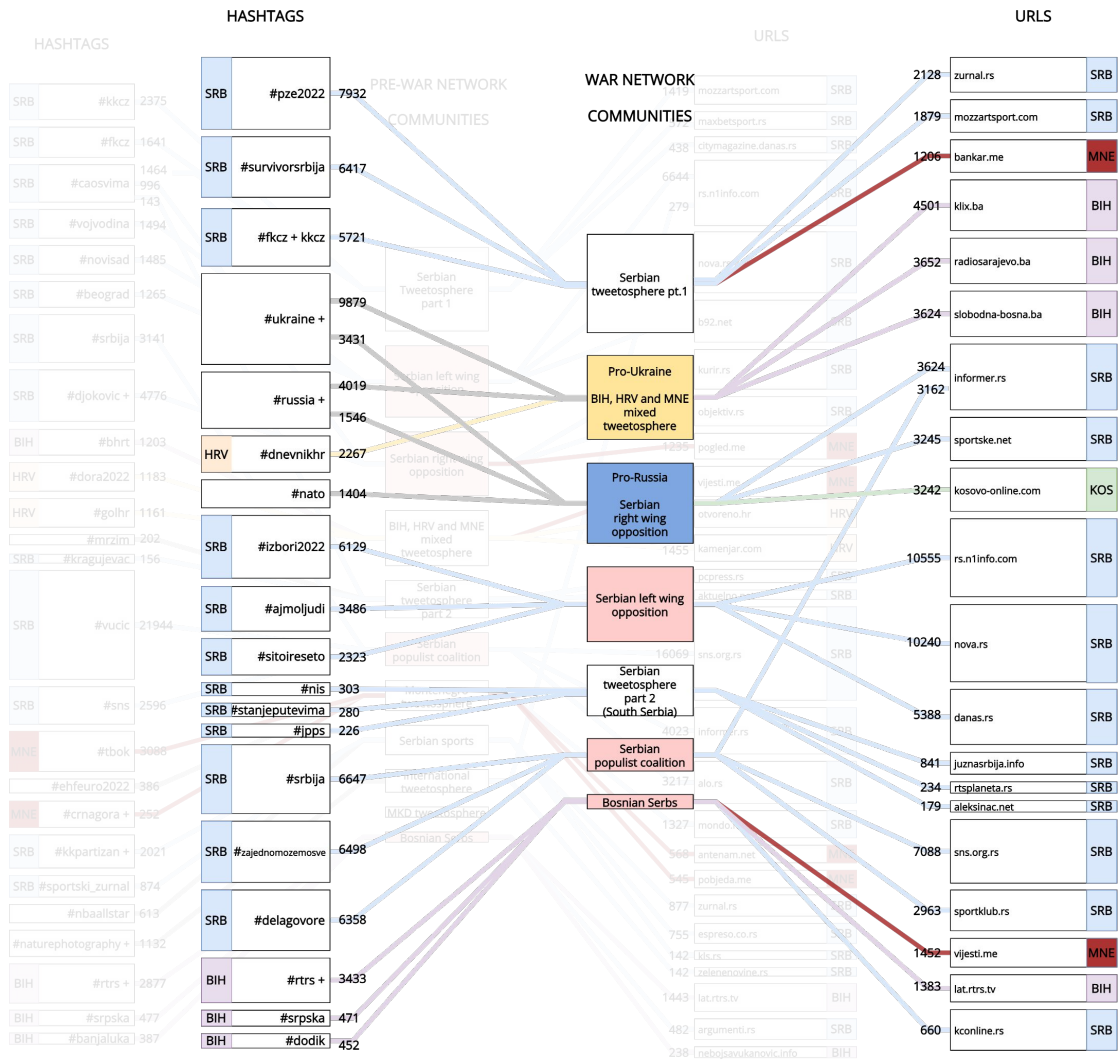

- The BCMS tweetosphere is dominated by SRB users and content (**according to population**)
- The purely political communities are more active than the rest (**propaganda**)
- The SRB Populist Coalition (Alexandar Vučić) creates a closed community 2% of all users, 25% of the content and 95% intra-community retweets (**extreme echo-chamber**)
- The SRB Populist Coalition and the SRB Left-wing Opposition remained Neutral regarding the Russian invasion of Ukraine (**big tent politics**)
- The SRB Right-wing Opposition shows a clear Pro-Russia stance (**anti-NATO**)
- The CRO, BIH and MNE tweetospheres show Pro-Ukraine leaning (**NATO**)
